# SINGLE-STREAM 101:

## FOR BUSINESSES, APARTMENTS, CONDOS & TOWNHOMES

We take the guesswork out and let you focus on what is most important for our environment: making a difference with your recyclable products.

### HELPFUL HINTS:

Putting the wrong items in the recycling creates contamination, causing an entire load of recycling to go to the landfill. These hints can help you preserve your recycling efforts:

1. Plastic bags are bad news for recycling
2. Only include clean and empty recyclables. **NO FOOD OR LIQUIDS.**
3. Recycle plastics by shape (only bottles, jugs, tubs and jars). If it is not this shape, it does not belong in the recycle bin.
4. Do not put yardwaste of **ANY** kind in the single-stream recycle bin.

**NEVER BAG YOUR  
RECYCLABLES**
