Billing Changes Are Here

Did you hear the news? We have updated our legacy billing system from Gallegos Sanitation to Republic Services. This change provides our customers with more robust payment options and the ability to download the Republic Services app, where you can see your schedule, make service requests and pay your bill.

As a customer of ours, there are key steps you must take. Billing changes will impact you once you receive a branded invoice from Republic Services.

Some customers have begun receiving their new invoices by mail or email. If you are one, visit the link below, and have your new invoice handy.

Visit Gsiwaste.com/new-billing-changes for the complete details.

You must leave your 10-digit call back number.

Please note: During typical operating hours, voicemail is unavailable. After business hours, there is a voicemail option.
